

Merged BNF from the Verilog-AMS LRM version 2.3.1 into the IEEE P1800 Draft 9 (7 Jan 2010). No attempt was to change the Verilog-AMS BNF to be more consistent with the P1800 BNF.

Based in the “Merged Syntax.xls” file, The following P1800 syntax items have been change to include AMS syntax items. These are the major points where AMS BNF interfaces with the P1800 BNF.
