Date	Article Description	Issue No.
9/25/01	<b>Networking Comes Home</b> <b>NEW!</b> <i>by Robert Bielby, Senior Director, Strategic Solutions, Xilinx Inc.</i>	(41)
9/25/01	<b>Programmable Logic Will Drive Growth in Broadband Access and Home Networking</b> <b>NEW!</b> <i>by Robert Bielby, Senior Director, Strategic Solutions, Xilinx Inc.</i>	(41)
9/25/01	<b>Home Networking — Integrating Information Appliances with Personal Computers</b> <b>NEW!</b> <i>by Amit Dhir, Manager, Strategic Solutions, Xilinx Inc. by Krishna Rangasayee, Senior Manager, Strategic Solutions, Xilinx Inc.</i>	(41)
9/25/01	<b>Bluetooth Wireless Technology and Personal Area Networking In Your Home and on the Road</b> <b>NEW!</b> <i>by Krishna Rangasayee, Senior Manager, Strategic Solutions, Xilinx Inc. by Mike Nelson, Senior Manager, Strategic Solutions, Xilinx Inc.</i>	(41)
9/25/01	<b>Reconfigurable Vehicles Are Just Around the Corner</b> <b>NEW!</b> <i>by Karen Parnell, European Marketing Manager, High Volume Products, Xilinx Inc.</i>	(41)
7/01/01	<b>View</b> <small>from the top</small> <b>The Future of Platform FPGAs</b> <i>by Wim Roelandts, CEO Xilinx</i>	40
7/01/01	<b>Discontinuity at the Gate -- A New Era in FPGA Design</b> <i>by Walden C. Rhines, Chairman and CEO, Mentor Graphics Corporation</i>	40
7/01/01	<b>Xilinx XtremeDSP Initiative Meets the Demand for Extreme Performance and Flexibility</b> <i>by Rufino T. Olay, III, Sr. DSP Product Marketing Engineer, Xilinx Inc.</i>	40
7/01/01	<b>Using Xilinx ISE Software for High-Density Design</b> <i>by Lee Hansen, Software Product Marketing Manager, Xilinx Inc.</i>	40
7/01/01	<b>Virtex-II Platform FPGA Solution Launches New Era of High-Performance System Design</b> <i>by Peggy Abusaidi, Product Marketing Manager, Xilinx Inc.</i>	40

7/01/01	<b>VIPswitch Partners with Xilinx to Move Beyond ASICs</b> <i>by Beverly Wilks, Director, Marketing Communications, VIPswitch</i>	40
7/01/01	<b>Extinct: Dinosaurs, Slide Rules, 8-Track Tapes, and now...External Termination Resistors: XCITE (Xilinx Controlled Impedance TEchnology)</b> <i>by Mark Alexander, Product Applications Engineer, Xilinx Inc.</i>	40
7/01/01	<b>SystemIO Technology Promises High-Speed Connectivity Across Multiple I/O Standards</b> <i>by Rina Raman, APG Director of Applications Engineering, Xilinx Inc.</i>	40
7/01/01	<b>Footprints in Silicon: Compatible Pinouts in Virtex-II Devices Enhance Design Flexibility</b> <i>by Jean-Louis Brelet, Product Applications Manager, Xilinx Inc.</i>	40
7/01/01	<b>The Virtex-II DCM -- Digital Clock Manager</b> <i>by Marie George, Product Applications Engineer, Xilinx Inc.</i>	40
7/01/01	<b>Use Triple DES for Ultimate Virtex-II Design Protection</b> <i>by Michael Peattie, Product Applications Engineer, Xilinx Inc.</i>	40
7/01/01	<b>HyperTransport High-Speed I/O</b> <i>by Sean Koontz, Product Applications Engineer, Xilinx Inc.</i>	40
7/01/01	<b>Virtex-II IP-Immersion Technology Enables Next-Generation Platform FPGAs</b> <i>by Erich Goetting, Vice President, Product Development, Xilinx Inc.</i>	40
7/01/01	<b>Verification for Platform FPGA Design</b> <i>by Lee Hansen, Software Product Marketing Manager, Xilinx Inc.</i>	40
7/01/01	<b>Designing High-Performance Memories and Multipliers Using the Xilinx CORE Generator</b> <i>by Krista M. Marks, Engineering Manager, IP Solutions Division, Xilinx Inc.</i>	40
7/01/01	<b>Taking Advantage of Leftover Multipliers and Block RAMs</b> <i>by Peter Alfke, Director, Applications Engineering, Xilinx Inc.</i>	40
7/01/01	<b>Virtex-II Platform FPGAs Support System Packet Interface Standards for Optical Networks</b> <i>by Ron DiGiuseppe, System Interfaces Product Marketing Manager, Xilinx Inc.</i>	40
7/01/01	<b>System ACE Technology: Configuration Manager Breakthrough</b> <i>by Eric Thacker, Product Marketing Manager, Xilinx Inc.</i>	40
7/01/01	<b>Insight Electronics Offers Two Virtex-II Development Boards</b> <i>by Jim Beneke, Technical Marketing Manager, Insight Electronics</i>	40
7/01/01	<b>Video Demonstration Board</b> <i>by Greg C. Hawkes, Senior Staff Applications Engineer, Xilinx Inc.</i>	40
7/01/01	<b>Accelerate Time to Market with System-Level Development Kits for Virtex-II Applications</b> <i>by Warren Miller, Vice President of Marketing, Avnet Design Services</i>	40
7/01/01	<b>Elantec DC-DC Converter Solution for Virtex FPGAs</b> <i>by Art Stryer, Sr. Field Applications Engineer, Elantec Semiconductor</i>	40

## DataSource CD-ROM: Xcell Journal Articles by Date

7/01/01	<b>4G Wireless Systems in Virtex-II</b> <i>by James A. Watson, Manager, Applications Engineering, Xilinx Inc.</i>	40
7/01/01	<b>Debugging LVDS Signals in Virtex-II FPGAs</b> <i>by Sandra Poehlmann, Industry Marketing Engineer, Agilent Technologies</i>	40
7/01/01	<b>SiberBridge: A Virtex-II Platform FPGA Interface for SiberCAM Arrays</b> <i>by Jean-Louis Brelet, Product Applications Manager, Xilinx Inc.</i>	40
7/01/01	<b>Xilinx Announces Terabit Networking Form</b> <i>by Ron DiGiuseppe, System Interfaces Product Marketing Manager, Xilinx Inc.</i>	40
