# Illumina™ Clustered File System NAS

---

- Scalable Architecture
  - Illumina™ demonstrated 98% linear scaling from 2-16 nodes according to independent verification by Ziff Davis - eTesting Labs.
- “Pay as you grow”
  - Buy the amount of storage you need and “click” on our website when you need more
  - Automatic rebalancing of data after growing cluster
- Reliable Data Storage
  - Single node failure supported
  - Raid 1 and 5 parity
  - Self-Heal and Hot Spare capabilities
- Simple to Install and Administer
  - Reduces TCO
